ART.SO.PLANET 152 ATEX VACUUM CLEANERS FOR ATEX ENVIRONMENTS

Vacuum cleaner equipped with single phase single stage front turbine suitable for continuous work. All the components of the machine (motor, filter, drum etc.) are earthed for the dispersion of the electrostatic current (maximum surface temperature 125 ° C). Filter cleaning by manual side filter shaker. Ideal for cleaning ATEX environments with combustible dust. Noise 67.5db. Power W1500, Voltage V230, air flow m³ / h / 235, drum capacity 35 L, connection mm. 60, weight Kg. 61. Dimensions: cm. 66x75x127. Atex accessory kit Art. R21078 / 60ATX (to be ordered separately). Norm: CE ATEX II 3Dc T125. Packing: 1 pz.

ART.SO.VOLCAN VACUUM CLEANERS FOR CLEANING OVENS AND STOVES

Vacuum cleaner with a two-stage motor. Metal drum for the drain. Complete set of electroconductive kit - ground electrostatic current and heat filter. It is a small machine, essential for removing hot ash, for example in ovens, bakeries, fireplaces, boilers, pellet stoves, etc. Suitable for suction of hot residues, max 120 ° C. Complete with Hepa cartridge and heat resistant filter. (Tube + brush kit for high temperature, to be ordered separately). 1 two-stage motor 1600 W max voltage 220-240, vacuum 2795, intake air 210 mc / h, liters 41. Dimension: L/D/H. cm. 40x40x90. Packing: 1 pz.

ART.SO.PULSAR429H VACUUM CLEANER FOR TOXIC POWDERS

Special for hazardous powders. Classified as Type H, the PULSAR is designed to aspirate carcinogenic and pathogenic powders, such as asbestos fibers. The stainless steel 304 tank ensures robustness in the event of impact and ensures its unparalleled longevity. Ceramic manifold for a longer life service. Nr.2 two stage motors, application for powders and liquids. (Supplied with standard accessory kit: brush, tube, flat lance, brush). Noise 74 db. Power W2400, Voltage V220 / 240, air flow m³ / h / 420, drum capacity 62 L, weight Kg 21. Dimension: L/D/H. cm. 55x60x96. Packing: 1 pz.

ART.SO.SPEEDY429 VACUUM CLEANERS FOR LIQUIDS AND POWDERS

Suitable for suction of dust and liquids. Two high speed single stage engines. Suitable for jobs requiring good suction power, equipped with a market cart. This model is not suitable for corrosive liquids. (Supplied with standard accessory kit: tube, flat lance, brush, brush). Power W2800, Voltage V230, air capacity m³ / h / 510, drum capacity 62 L, weight Kg. 23. Db 74. Dimension: L/D/H. cm. 54x70x89. Packing: 1 pz.

ART.SO.SPEEDY440 VACUUM CLEANERS FOR LIQUIDS AND POWDERS

Suitable for suction of dust and liquids. Three high speed single stage engines. Suitable for jobs requiring heavy work and suction power, equipped with a market cart. This model is not suitable for corrosive liquids. (Supplied with standard accessory kit: tube, flat lance, brush, brush). Power W3500, Voltage V230, air flow m³/h 765, drum capacity 62 L, weight Kg. 23. Dimension: L/D/H. cm. 54x70x89. Packing: 1 pz.

ART.SO.LEO SILENT AND PORTABLE VACUUM CLEANER

Low noise and high performance make the LEO vacuum cleaner a highly professional work tool. The appliance is equipped with a filter cartridge, accessories holder and roller cable. (Supplied with standard accessories kit: tube, flat lance, brush, brush, fabric nozzle, accessory holder) + stainless steel telescopic extension. Power W900, Voltage V220 / 240, air flow m³/h 158, drum capacity 12.5 L, weight Kg 5,8. Noise 76 db. Dimension: L/D/H. cm. 40x40x33. Packing: 1 pz.

NEW

ART.GS.VAP VAPORETTO 1000WW WITH BOILER FOR SANITIZATION

Small in size and not very heavy, it is perfectly manageable and does not take up much space. Its power of 1000W and its pressure of 4.2b make it a very powerful steam gun. Its different nozzles will allow you to clean all surfaces : kitchen, bathroom, windows...including the most difficult to reach corners. Thanks to its ergonomic grip, its use is safe and easy. Possibility to customize it with 6 nozzles, 1 funnel, 1 graduated container.

Packing: 1/1

NEW

ART.GS.VAPSUP VAPORETTO 1050WW MULTI-USE

Its strong steam pressure of 3.5 bars allows to clean in depth from floor to ceiling.

2 in 1 with the possibility to remove the central body to turn it into a portable cleaner.

Features a complete accessory kit for perfect cleaning:

A raclette for glasses, nozzles of different sizes, a round brush, a floor cloth, a funnel and a graduated glass.

Packing: 1/1

NEW

ART.GS.STEAMSEEP ELECTRIC STEAM BROOM MULTIFUNCTIONAL

Thanks to the hot steam it can be used to clean all types of floors. Fast use with the 1500 W power, it heats up in just 25 seconds and allows continuous use for 20 minutes.

Practical and handy, it can also be used as a portable steam cleaner.

It has a complete accessory kit for perfect cleaning: glass washer kit, small and medium brushes to clean, a brush for corners, gasket brushes, glass dispenser, a microfiber cloth and a lining for clothes.

Packing: 1/1

NEW

ART.GS.WIRELESS WIRELESS VACUUM CLEANER

Detachable aluminum tube, allows you to choose between electric broom function and portable vacuum cleaner. Rechargeable, up to 35 minutes of suction, power of 22.2 volts, its lithium battery allows a prolonged autonomy. Use the bag-free cyclonic system to push dust and dirt directly into the transparent tray.

Ergonomic handle, three suction speeds, power of 200 W.

Accessories: round brush, tool for cracks.

Packing: 1/1

NEW

ART.GS.AIRPURE AIR PURIFIER

Preserve your health day after day. Patented technology, its Hepa filter eliminates up to 99.97% of ultrafine air particles.

5 filtering systems: pre-filter, Hepa filter, activated carbon, UV-C light, photo Catalyst.

Noise level from 30db to 50db.

Ionizer, filter cleaning indicator. Autonomy up to 8h.

Automatic stop function.

3 Speed. Touch control panel.

Dimension: 37x21x46,5.

Replacement filter:
art. GS. AIRPURE

Packing: 1/1.

NEW

ART.GS.CLEANER VACUUM CLEANER / CRUMBS WITH A WALL MOUNT

This hand vacuum cleaner, with a power of 85W and a range of 15 minutes, allows you to clean all the hard places thanks to its different accessories. Its charging station also allows you to reorder accessories.

Power: 85 W, washable HEPA filter, light signal. 15 minutes autonomy.

Powder tank: 0.8 lt.

Accessories: brush 2 in 1 and nozzle.

Packin: 1/4.
