

Industrial spill control

**ART.C.DUS101
GRANULAR ABSORBER
KG.9,5 - FOR OIL,CHEMICAL PRODUCTS,
HYDROCARBONS, UNIVERSAL LIQUIDS**

Specific powder for the absorption of oils, greases, gasoline, diesel, paints and chemical products, and universal liquids. It is fast acting (chemically non-reactive), rapidly encapsulated in the porous structure of the granules reducing the volume. This means that the savings for disposal will be further. It is a natural mineral product. It is not water repellent and does not float on water. Can be used before maintenance of various situation. With its small size, it can absorb liquids even in depth.

**Absorbing power: 89 lt. for bag.
BAG KG. 9,5**

Packing: 1/105 bags.

**ART.C.DUS351
"SOLFONET BAGS KG.5"
ABSORBER POWDER NEUTRALIZER FOR
SULPHURIC ACID COME OUT FROM BATTERIES AND
ACCUMULATORS**

Specific for the neutralization and absorption of dangerous liquids, it solves the sudden leakage of sulfuric acid from the accumulators (batteries) caused by the breaking of the structure and / or accidental spills, avoiding damage to people and preventing it from being absorbed by the ground. Absorbs totally absorbing the sulfuric acid of spilled batteries without ever releasing it. The surface remains clean, dry and walkable. Thanks to the content of a mixture of special powders that give an exothermic reaction (neutralization heat) that lasts about 3-4 minutes, SOLFO-NET neutralizes absorbed sulfuric acid.

After the neutralization phase, dispose of everything according to the regulations in force, bearing in mind that what results af-ter the two phases of SOLFONET can be classified as special waste not dangerous.

**Absorbing power: 10 lt. for bag.
BAG KG. 5**

Packing: 1/20 bags.

**ART.C.ASU014
BOX 20 PILLOWS FOR ALL TYPES OF SPILL
(UNIVERSAL LIQUIDS) POWER ABSORB. 64 LITERS**

Product highly absorbent and resistant. Composed of polypropylene fiber, suitable for all types of universal spills (water, solvents, oil, lubricants, chemicals ...). Water-repellent. They are static products to facilitate the handling of flammable liquids. Box containing nr.20 pillows dim. cm. 25X25, nr.4 containment tanks. Absorbent power per box liters 64.

Packing: 1/20.

**ART.C.ASU017
ROLL ABSORBENT
FOR ALL TYPES OF SPILL
(UNIVERSAL LIQUIDS)**

Roll absorber, drilled and pre-cut, highly absorbent and resistant com-pound in polypropylene fiber, suitable for all types of spills, leaks or dripping of industrial liquids (water, solvents, oil, lubricants, chemical ...).

Water-repellent.

They are used to absorb spills in every situation. They are static products to facilitate the handling of flammable liquids. Easy to use and reusable.

Roll: h. cm. 96 ml. 44.

Absorbent power: 178 lt. per roll.

Packing: 1/2.

**ART.C.B302
SPLIT KIT
INTERVENTION ALL PETROLEUM-BASED LIQUIDS
WHILE REPELLING WATER**

Ideal for spills in a handy bag.
Consisting of: a bag, 3 socks cm.7,5x120, 20 absorbent pads cm.48x43, 3 bags for waste, a can of premixed suitable for dabbing small holes on drums, a pair of work gloves.

Absorbent power: lt.45.

Dimension: 50x50x20 cm.

Packing: 1/1.

**ART.C.KIT0340
KIT FIRST AID EMERGENCY ADR WITH ABSORBENT
MINIMUM 31 LITER.**

Nylon bag kit with shoulder strap and transparent PVC window.
Contains: No. 25 pads 41x46, Nr. 2 socks diam. 7.6 length 122 cm., 2 pillows 25x25 cm., 2 pair of protective gloves, 2 disposal bags.

Absorbent power: 31 lt.

Dimensions: 50x60x15 cm.

Packing: 1/10.

**ART.C.EX48
"CONTAINS TANKS
FOR ABSORBING CLOTH"
CM. 43X48**

Flexible drip trays in 100% polyester with PVC coating designed to contain absorbent cloths art. C.ASU011 / C.ASU011.
The edges are filled with foam that is resistant to the passage even of heavy vehicles. They are ideal for containing leaks under compressors, cars, veterans and emergency generators and can also be used for temporary containment of petroleum products.

Absorbing power: lt.19,5 for cloth.

Weight: kg. 0.85.

Inside dimension: 43x48 h. cm. 10 cm.

Packing: 1/50.

**ART.C.TPT002
CARPET COVER MANHOLE 60X60
THICKNESS 1,3 - EXTRA WEIGHT**

It offers a simple and effective solution for the protection of drains in manholes. This carpet acts as a cover against oil and chemical discharges. Made of hard, durable and flexible polyurethane. Equipped with an adhesive seal, high visibility due to its bright yellow color.

Dimension: 60x60 cm.

Packing: 1/10.

(Also available in the cheapest version in "caucciù" Art. C.TPT000, Dimension 60x80).

ART.C.ASU015
BOX 20 SOCKS ABSORBERS FOR ALL TYPES OF SPILLS (UNIVERSAL LIQUIDS)

Box containing nr.20 sock absorbers diam. 7,5 length 120 cm.
 Absorbent power 90 liters per box.
 They absorb: fats, petrol, diesel, paints and chemical products present on the ground of the working environment.

Packing: 1/20 box.

ART.C.ASU011
BOX 100 PADS ABSORBENT FOR ALL TYPES OF SPILLS (UNIVERSAL LIQUIDS)

Box dispenser 100 pads, perforated precut. Highly adsorbent and resistant product composed of polypropylene fiber, suitable for all types of spills, leaks or drippings of industrial liquids (water, solvents, oil, lubricants, chemicals ...). Water-repellent. Very useful in industrial environments, they guarantee a clean and safe workplace.

Absorbent power per box: 115 lt.

Dimensions: 43X48 cm.

Imballo: 1/10.

ART.C.ASU011CD
BOX 200 PADS ABSORBENT FOR ALL TYPES OF SPILLS (UNIVERSAL LIQUIDS)
ABSORBENT POWER 115 L

Box dispenser 200 pads, perforated precut. Highly adsorbent and resistant product composed of polypropylene fiber, suitable for all types of spills, leaks or drippings of industrial liquids (water, solvents, oil, lubricants, chemicals ...). Water-repellent.

Very useful in industrial environments, they guarantee a clean and safe workplace.

Absorbent power per box: 115 l.

Dimension: 43X48 cm.

Packing: 1/36.

**ART.C.MPSP
PLASTIC PAILS
REPAIR TANK OILS AND VARIOUS**

Bentonite clay granules that forms a barrier to liquids. No surface preparation re-quired. Non-toxic. Allows for rapid response to leaks. Sticks to dirty/rusty/greasy surfaces instantly. Pre-mixed plugging and sealing puttyis ready to use. Applies directly onto leaking container to form a seal. Supplied in a plastic pail.

PLASTIC PAILS: kg. 0,5.

Packing: 1/24.

**ART.C.03
TANK REMOVAL OIL AND HYDROCARBONS
PACK 2 PCS
LT. 10 TOTAL**

Professional product to be diluted to 2% in hot water. Fragrant scented. Designed for areas where waste product can only be disposed of in drains. It is a safe alternative to many highly alkaline products used for similar tasks. Effective to eliminate oil from asphalt surfaces and oil platforms, garage floors, ship decks, diesel islands, yards. The product does not contain sodium hydroxide or potassium hydroxide. 10 liters of diluted product becomes liters 10.000.

Packing: 1/24.

**ART.C.RIM025
TANK REMOVE OF HYDROCARBON ON ASPHALT**

Biodegradable product, also suitable for porous surfaces, does not damage surfaces; based on enzymes it is indicated for the removal of oily residues on road surfaces or on vehicles. It is also used for the removal of fresh paints and resins.

Canister: 25 litri.

Packing: 1/24.

**ART.C.DUS001.ONU
KIT ABSORBING OIL COMPLETE OF BUCKET
APPROVED ADR/ONU**

Kit bucket approved ADR/ONU liter 12 complete of absorber granular for oil and che-mical products. Suitable also for the collection.

Dimension: diameter 26,5, height 26,4 cm.

Packing: 1/12.
